7 for RealPresence Resource Manager deployment package December 12, 2016 Polycom RealPresence Desktop is an easy-to-use video collaboration app that provides HD quality audio, video and content sharing for PC users..

- Meet the needs of collaboration in new work environments such as cube, open-workspace, home, or on the go
- Automatically compensate for poor lighting, background noise that degrades the quality of the video conferencing experience
- Share TV-quality virtual business card that identifies user, location, and title
- Easily connect to room-based video systems, or individuals with a simple directory search and click
- Record video sessions right from your computer to the Polycom platform for later viewing.
